1. The attached report was received from our official CF-land source as indicated above who reported to have received the information from an unnamed DF-land National now in CF-land. The attached report contains brief information regarding the Russian military situation in DF-land.

2. For some time we have been of the opinion our source A-374 may be in contact with our CF-land source A-356 (d). The attached report rather confirms this suspicion as it is almost a direct duplication of our report submitted as LSS-64 dated 3 December 1946. Other reports bearing out the same suspicion are our LSS-62, page 3, dated 2 December 1946 and our LSS-127 dated 30 January 1947. In addition, the information submitted under our LSS-65 dated 5 December 1946 has been mentioned by A-356 (d).

We have had no indication that the material given us by A-374 and submitted as LSS-62, LSS-63, LSS-74, and LSS-75 has been disseminated to A-356 (d). This, of course, cannot be taken as assurance no other distribution has been made of this material as it is quite likely A-356 (d) would not place such information at our disposal.

3. During our last contact with A-374, as indicated in our LSS-135 dated 12 February 1947, it will be noted he made the admission that it was necessary for him to maintain some contact with the CF-landers in order to remain in the city, as well as gain a bit of leeway and freedom for carrying out his activity from CF-land. He admitted giving the CF-landers information of a simple routine nature, but promised information of greater value would be distributed only to us, at the same time, denying any cooperation with the CF-landers.
